

## USTA e-MAIL LIST

The USTA is compiling a e-mail list of USTA members.

The e-mail list will be used to communicate USTA registered shoots, changes to the schedule, such as cancellations, and other relevant information. Shoot programs, shoot results, shooter averages and similar information will be sent to individuals on the e-mail listing. Information will also be posted to the USTA website.

The e-mail list information will be kept 100% confidential and secure. It will not be used for any other purpose than communicating USTA Trap Shooting information.
